

New Play Reading Podcast Records Live At The Drama Book Shop with Cast Members from *Bright Star*, *Wicked*, *Honeymoon in Vegas*, and more!

NEW YORK - February 20, 2017 - For Immediate Release

At The Table: A Play Reading Series has released its three February episodes. Episodes 4 and 5 are now available and feature the full-length play *Troop 54* by Justin Colombo (*Kinky Boots* National Tour, *Rock of Ages* National Tour). Episode 6 is an interview with the playwright, lead by co-hosts Rachel Flynn (*Heathers: The Musical*) and Ned Donovan (*The Hunted: Encore*). The episodes are edited, and feature original scoring by Marcus Thorne Bagala (*This American Life*).

If you've ever been lost in the woods with two adults, five Boy Scouts, an infinite amount of coyotes, and three bags of marshmallows, Troop 54 might hit too close to home. A comedy about finding your way through the woods, Troop 54 has laughs, heart, farts, ONE SONG, and enough middle school angst to keep a therapist in business for the rest of their life. Will they find their way back to base camp or will they fall into a cavern? I forgot to mention there's a cavern. Once described as "what did I just watch?" Troop 54 is an ab workout and a theatrical experience not to be missed.

The cast includes Matt DaSilva (*The Beauty and the Beast* National Tour), Alyssa May Gold (*Arcadia*), Tierra Gonzalez, Jared Loftin (*Saturday Night*), Larry Owens (*Gigantic*), Zachary Prince (*Honeymoon in Vegas*, *On a Clear Day You Can See Forever*, *Baby It's You*), Michael McCorry Rose (*Wicked*, *A Gentleman's Guide to Love and Murder*), and A.J. Shively (*Bright Star* Drama Desk Nomination, *La Cage aux Folles*)

The reading was recorded live at The Drama Book Shop, who also sponsored this month's episodes along with Haley Shibble.
